Department of Diagnostic Radiology**

### **Post Procedure Instructions for IV Contrast**

After your exam in the Radiology Department today you may resume your regular diet. It is necessary that the contrast be expelled from your body. You may wish to increase your fluid intake for the next twenty-four hours. If you experience any moderate to severe pain or a large amount of blood in your urine contact the Emergency Room.

Your needs and concerns are important to us. If you have any questions, please call (318) 813-2250 the Department of Diagnostic Radiology. Our normal hours of operation are Monday thru Friday, 7:00am until 4:00pm.
