

Department: Radiology	Section: All	Effective Date: 01/2005
Procedure Number: 1.5		Revision: 1/2016

Clinical Affiliation

Policy: The Radiology Department is an approved site for clinical training of Radiology Technologists, Radiation Therapists and Nuclear Medicine Technologists. A contract must be approved and effective prior to student rotations beginning. Before students can begin clinical rotations all requirements outlines in hospital policy must be met. The following programs currently have an approved contract:

- ☐ Northwestern State University – Radiology
- ☐ Southern University Shreveport – Radiology
- ☐ University of Arkansas Medical Sciences – Nuclear Medicine
- ☐ Washburn University – Radiation Therapy

The Radiology Education Coordinator will be responsible for coordinating clinical schedules and ensuring students meet hospital requirements. The education coordinator will also serve as the contact person for questions and/or complaints from students and staff. If the issue needs to be relayed to the program staff, the radiology director will also be notified.
